WHO WE ARE

Etracker Solution is a mobile app development firm based in Dhaka, Bangladesh, which is run by a team of young and energetic professionals who have extensive knowledge and experience in the web and mobile app industry. We have worked with some international clients in Japan and the UK, and also have worked with many clients from Bangladesh. We have built up a vast amount of experience in a multitude of different markets, such as medical and healthcare, tourism and entertainment, manufacturing and distribution, government and educational, security and communications and the non-profit sectors. Etracker Solution is glad that it is one of the pioneering mobile application developers in Bangladesh to leave a mark in the mobile app market. After years of developing mobile apps for foreign clients, we at Etracker Solution know how to design and deliver the right mobile solutions for your business and bring in revenue. Etracker Solution will put you in front of your customers on devices they access most with information and tools that make it easy for you to connect with their mobile audience.

OUR SPECIALIZED PRODUCTS

"Sales Assistant" is the very first Application that will help a company to increase Sales and evaluate the performance of their users. The application is very simple to use and user friendly. A company can control and monitor its whole system through our system. Present days most of our companies conduct their sales system manually. When you're with our sales assistant it will give the perfect and effective solution to utilize your human resources as well as reduces company time consumption more than a past time. Sales Generating reports and day to day performance evaluation with features like GEO Attendance, Conveyance, Expense, Daily Activity, Tour Plan, Sales Order and many more.

Poultry pro is the combination of company, Dealer, sub-dealer, Salesforce, Doctor Farmer's hierarchy based system and output of poultry-based company solution from a single platform. Our Poultry management software will solve your sales and CRM related problems. Through our world best Poultry Management software, a company can conduct and monitor its sales system including the sales team. Our world best poultry management software exciting features are GEO and Remote Attendance, Fieldforce tracking, location history, Salesforce Conveyance, Expense, Advance tour Plan, Daily Activity, Dealer Visit Report, Sub-Dealer Visit, Farm Visit, Broiler Life Cycle report, Layer Life Cycle Report, Food consumption Report, Egg production Report, Vaccination Schedule, Weather Report, Mobile Sales Order, Dealer Sales Order and many more.

The Digital loyalty program is a marketing strategy designed to encourage customers to continue to shop at or use the services of a business associated with the program. Generally, a company provides various loyalty to their customer. When you're in our Digital Loyalty Program a company can catch its customer more than double in the past. A company will give a Bar Code /QR Code on its product. By Scanning the Bar Code/QR Code through smartphones customers receive a point or benefits on the current purchase or an allotment of points that they can redeem points or use for future purchases as well as get money and other benefits against the redemption.

HR Telescope is fully integrated, modular, flexible and customizable solution, bringing you a most comprehensive software platform for all your HR operations. It provides your manager and employees instant access to relevant information and HR activities. Appropriate access rights are defined in the administrative part of the application, in order to prevent any privacy breach or security conflicts.
